

ARRANGEMENT PUZZLES

Seven students P,Q,R,S,A,B,C are sitting in a row facing north. Each of them has a different item amongst book, pen, pencil, eraser, sharpener, slate and scale

R is sitting in the middle of the row and is holding either a pencil or a slate. Neither A nor B is sitting at any end but is holding a pen and a book respectively. Only one student is sitting to the left of S and is holding a slate. The student who is holding a pen is sitting between R and C. P is not a neighbor of S. The student who is holding eraser is sitting fourth to the left of student who is holding scale.

Who is holding sharpener ?

Seven students P,Q,R,S,A,B,C are sitting in a row facing north. Each of them has a different item amongst book, pen, pencil, eraser, sharpener, slate and scale

R is sitting in the middle of the row and is holding either a pencil or a slate. Neither A nor B is sitting at any end but is holding a pen and a book respectively. Only one student is sitting to the left of S and is holding a slate. The student who is holding a pen is sitting between R and C. P is not a neighbor of S. The student who is holding eraser is sitting fourth to the left of student who is holding scale.

Who are sitting at the end of the row ?

Seven students P,Q,R,S,A,B,C are sitting in a row facing north. Each of them has a different item amongst book, pen, pencil,eraser,sharpener, slate n scale

R is sitting in the middle of the row and is holding either a pencil or a slate. Neither A nor B is sitting at any end but is holding a pen and a book respectively. Only one student is sitting to the left of S and is holding a slate. The student who is holding a pen is sitting between R and C. P is not a neighbor of S. The student who is holding eraser is sitting fourth to the left of student who is holding scale.

Who is sitting to the immediate left of student, who is holding a scale ?

Seven students P,Q,R,S,A,B,C are sitting in a row facing north. Each of them has a different item amongst book, pen, pencil,eraser,sharpener, slate n scale

R is sitting in the middle of the row and is holding either a pencil or a slate. Neither A nor B is sitting at any end but is holding a pen and a book respectively. Only one student is sitting to the left of S and is holding a slate. The student who is holding a pen is sitting between R and C. P is not a neighbor of S. The student who is holding eraser is sitting fourth to the left of student who is holding scale.

Which is the odd man out ?

1. Q,B
2. A,B
3. S,A
4. C,R
5. S,R

7 people P,Q,R,S,T,U,V are sitting in a row, Some of them are facing north and some south.

Q is sitting 3rd to the right of P and is to the immediate left of T. T is sitting between R and S, none of them are sitting at the end. V is sitting exactly between P and T. Only one pair of adjacent people are facing the same direction. Q is sitting to the right of U, who is to the left of S. V is not adjacent to R. Q is facing north, which is the opposite direction that R is facing. The no of people to the left of T is equal to right of V

Who is sitting in the middle of the row ?

7 people P,Q,R,S,T,U,V are sitting in a row, Some of them are facing north and some south.

Q is sitting 3rd to the right of P and is to the immediate left of T. T is sitting between R and S, none of them are sitting at the end. V is sitting exactly between P and T. Only one pair of adjacent people are facing the same direction. Q is sitting to the right of U, who is to the left of S. V is not adjacent to R. Q is facing north, which is the opposite direction that R is facing. The no of people to the left of T is equal to right of V

Who is sitting 2nd to left of T ?

7 people P,Q,R,S,T,U,V are sitting in a row, Some of them are facing north and some south.

Q is sitting 3rd to the right of P and is to the immediate left of T. T is sitting between R and S, none of them are sitting at the end. V is sitting exactly between P and T. Only one pair of adjacent people are facing the same direction. Q is sitting to the right of U, who is to the left of S. V is not adjacent to R. Q is facing north, which is the opposite direction that R is facing. The no of people to the left of T is equal to right of V

How many people are facing south ?

7 people P,Q,R,S,T,U,V are sitting in a row, Some of them are facing north and some south.

Q is sitting 3rd to the right of P and is to the immediate left of T. T is sitting between R and S, none of them are sitting at the end. V is sitting exactly between P and T. Only one pair of adjacent people are facing the same direction. Q is sitting to the right of U, who is to the left of S. V is not adjacent to R. Q is facing north, which is the opposite direction that R is facing. The no of people to the left of T is equal to right of V

Which of the following people are facing the same direction ?

1. U,T
2. Q,V
3. P,S
4. R,T

Read the following information and answer the questions.

- 1) A, B, C, D, E, F, G and H are sitting in a row facing North.
- 2) A is fourth to the right of E
- 3) H is fourth to the left of D
- 4) C and F, which are not at the ends, are neighbors of B and E respectively.
- 5) H is next to the left of A and A is the neighbor of B.

1. What is the position of F?

- a) Next to the right of E b) Next to the right of G
- c) Sixth to the right of D d) Between G and H
- e) None of these

Read the following information and answer the questions.

- 1) A, B, C, D, E, F, G and H are sitting in a row facing North.
- 2) A is fourth to the right of E
- 3) H is fourth to the left of D
- 4) C and F, which are not at the ends, are neighbors of B and E respectively.
- 5) H is next to the left of A and A is the neighbor of B.

2. Which of the following statement is not true?

- a) G is the neighbor of H and F
- b) B is next to the right of A
- c) E is at left end
- d) D is next to the right of B
- e) None of these

Read the following information and answer the questions.

- 1) A, B, C, D, E, F, G and H are sitting in a row facing North.
- 2) A is fourth to the right of E
- 3) H is fourth to the left of D
- 4) C and F, which are not at the ends, are neighbors of B and E respectively.
- 5) H is next to the left of A and A is the neighbor of B.

3. Who is/ are the neighbors of D?

- a) F alone b) C alone c) B and C
d) Can't be determined e) None of these

Read the following information and answer the questions.

- 1) A, B, C, D, E, F, G and H are sitting in a row facing North.
- 2) A is fourth to the right of E
- 3) H is fourth to the left of D
- 4) C and F, which are not at the ends, are neighbors of B and E respectively.
- 5) H is next to the left of A and A is the neighbor of B.

4. Which of the following statement is not true?

- a) H is second to the right of F
- b) E is fourth to the left of A
- c) D is fourth to the right of H
- d) A is thirds to the left of D
- e) None of these

A, P, R, X, S and Z are sitting in a row. S and Z are in the center. A and P are at the ends. R is sitting to the left of A. Who is to the right of P ?

Seven persons A, B, C, D, E, F and G sit in a row facing North, but not necessarily in that order. The following information is known about them.

- (i) C sits four places away to the left of G.
- (ii) C sits between B and D.
- (iii) B sits to the right of G.
- (iv) F sits exactly between B and E.

1. Who sits second to the left of F?
(1) A (2) C (3) E (4) G (5) D
2. Who sits exactly between E and D?
(1) C (2) A (3) F
(4) G (5) None of these
3. Who sits in the middle of the row?
(1) D (2) B (3) F (4) E (5) A
4. Which of the following pairs of persons sits at the ends?
(1) B, C (2) B, D (3) D, G
(4) C, G (5) None of these
5. Which of the following statements is true?
(1) E sits to the immediate right of A.
(2) B sits second to the right of F.
(3) C sits at the end.
(4) E sits at the middle.
(5) None of these

Seven persons Swathi, Preethi, Deepthi, Keerthi, Pragati, Riti and Harati are standing in a queue, but not necessarily in that order. The following information is known about them.

- (i) Exactly one person is standing in front of Preethi.
- (ii) Swathi is behind Preethi and in front of Riti.
- (iii) Only two persons are standing behind Harati.
- (iv) The number of persons standing in front of Riti is the same as the number of persons standing behind Keerthi.
- (v) Pragati is in front of Deepthi, who is not the second person from the end.

- 6. Who stands immediately in front of Harati?
(1) Swathi (2) Riti (3) Keerthi
(4) Deepthi (5) Pragati
- 7. What is the position of Swathi from the beginning of the queue?
(1) Third (2) Fourth (3) Sixth
(4) Seventh (5) Cannot be determined
- 8. How many persons are standing in front of Riti?
(1) Zero (2) One (3) Five
(4) Three (5) Six
- 9. The number of persons standing in front of Pragati is the same as the number of persons standing behind _____.
(1) Harati (2) Preethi (3) Deepthi
(4) Keerthi (5) Swathi
- 10. Which of the following is true based on the given information?
(1) Only two persons are standing in front of Deepthi.
(2) Only one person is standing behind Swathi.
(3) Preethi is immediately in front of Riti.
(4) Deepthi is in front of Swathi and behind Riti.
(5) None of the above
